

# LOGON

## LogON™

*Logon/Logoff with RFID or Biometrics*

- Utilize existing badge cards - 125 kHz and 13.56 MHz
- Open and close windows 'sessions' hands-free
- Compatible with Windows, Linux, TSE and Citrix
- Scalable
- Support for Single-Sign-On (ESSO)
- Multiple USB RFID Reader support
- Active Directory, LDAP support

### SECURITY and CONVENIENCE

ISLOG offers a cost-effective solution for logon / logoff utilizing your organization's existing access badge and network infrastructure. ISLOG Logon™ provides both convenience and security for your network, workstations, windows sessions and applications.

### NETWORK PROTECTION

Protect information and property from theft, corruption, or natural disaster, while allowing the information and property to remain accessible to its intended users.

### ZERO DOWNTIME

The cost of maintaining passwords is not only time-consuming but also expensive. Eliminate downtime caused by constantly changing passwords and start making security and convenience a reality!

Increase your efficiency and productivity and save money; realize your ROI.
